Dear Mr. Melbourne:

Re: Permit Application RPCOM 100071
Proposed clearing, grubbing, site alteration, fill and grading
Lot 23-27 Concession 3
Town of Georgina/Region of York

Staff of the Lake Simcoe Region Conservation Authority (LSRCA) have had the opportunity to review the permit application for proposed clearing, grubbing, filling, grading and site alteration on the subject property submitted on May 21, 2015. Our review was based on the timelines and procedures established under the Policies and Procedures for Conservation Authority Plan Review and Permitting Activities (May 2010). On this basis, we confirm that your application is deemed incomplete at this time, until the following information is provided:

1. A detailed site plan to scale
2. Erosion and Sediment Control details
3. Detailed Grading Plan
4. Stormwater Management Report
5. Geotechnical Report

Once we have received the above noted information we will be in a position to continue with the review of your application.

If you have any questions please do not hesitate to contact the undersigned. Please reference the above file number in future correspondence.

Sincerely,

Ashlea Brown
Senior Environmental Analyst/Capital Projects Analyst
